**Address:** Kausaltar, Sagbari

**Phone no.:** 9861481105

**State:** 03, Bhaktapur

**Email:** [Nabin.kutu11@gmail.com](mailto:Nabin.kutu11@gmail.com)

## Summary

I am hardworking, quick learner and resourceful IT graduate looking for career in web development who has developed responsible approach to the task that I undertake or with the situation I am presented with. I have recently completed my degree in BSc(hons) in Computing from Softwarica College of IT and E-Commerce.

## Work Experience

### Axios Softwork (Oct 2021 - Jan 2022)

- Worked as a React developer intern where I worked on their Customer Relation Management project (Axios CRM)

### Waft Tech (March 2022 - Present)

- Building re-usable components on React
- Worked as front-end developer in Next Js product (Waft-commerce) for SSR.
- Knowledge of Tailwind css, Bootstrap, Redux/Redux saga, Redux Thunk
- Utilized Agile Methodologies/ Frameworks (SCRUM) while building software to meet the business needs.
- Worked as a React developer where I worked on Waft-Engine (Open Source Platform) and Waft-CRM.
- Worked extensively on E-commerce Domain with Open Source Contribution and also worked on a virtual teaching/learning platform.

## Skills

- Developing a web-based portal using Agile Method
- Designed a responsive website with greater user experience using React JS, Redux, saga, Tailwind CSS, Next JS.
- Designed and Developed dynamic as well as interactive website using python with Django Framework
- Created and implemented server connection for front end (API) using Node JS
- Different database knowledge: MongoDB, MySQL, Cassandra, Oracle and Neo4J
- Understands the SCRUM framework for the development of product
- Performed prototype testing of website using Wire framework and Adobe XD
- Worked as a team for Agile product development
